A dark, possibly bronze or black, sculpture of a bird, likely a swallow or similar species, is perched on a horizontal wooden branch. The bird is shown in profile, facing left, with its head tilted upwards. The background is a solid, vibrant pink. To the right, there is a blurred vertical element, possibly a window frame or a curtain, in shades of blue and grey. The text "STAY WITH US" is overlaid in the center in a white, serif font.
