WELCOME TO WHIMSY

Transport yourself to another world with Naumi Hotel Wellington and Naumi Studio Wellington, revel in eccentric luxe, steeped in rich texture, colour, character, and an intoxicating atmosphere.

Naumi Hotel Wellington and Naumi Studio Wellington share common ground which collide worlds of old and new. Opening out to Wellington's renowned Cuba Street - packed with culinary and creative flavour, a bohemian cove for the creative soul.

Embrace old-world glamour with Naumi Studio Wellington, an iconic heritage landmark which came to life in 1907 as the People's Palace Hotel. After an extensive renovation, this 116-room property has transformed into a feast for the senses, enthralling guests with spaces inspired from seafaring, the literary world and an enduring love of its Edwardian heritage.

Naumi Hotel Wellington, has her own distinct personality of Gatsby proportions. Statement stripes and bold elements greet you as you travel to your room. Situated on elevated levels, every room has a view either of Cuba Street, the city or across to the Wellington hills. The hotel boasts 62 generously proportioned rooms, more like a studio apartment than a hotel room, ensuring the most comfortable stay.

Opposites attract - and these alternate worlds of Naumi relate in lavish harmony. Breathing life into history, turning over a new chapter into a wonderful, whimsical world where dreams and possibilities are endless.

Located 20-30 minutes from the airport (dependant on traffic), we can assist with shuttles or taxis as required. Both hotels are close to all major bus routes (five-minute walk to the Dixon Street Bus Stop) and are conveniently located close to the major arterial route in and out of the city.
